## NEEDS YOU

Find out more by visiting <https://ipmamodels.net>  
or by scanning

Meetings 12.30 pm the first Saturday of the month at Dapto Ribbonwood Centre.

# Who We Are

The Illawarra Plastic Modellers' Association (IPMA) was formed in 1985 by a small group of enthusiastic modellers wanting a place to “talk plastic” with like minded souls.

Today we remain a small group whose interests cover the entire range of plastic scale modelling, whether it be plastic scale kits of aircraft, cars, armour and military vehicles, ships, figures, science fiction and scratch building.

We welcome modellers of all levels from juniors to experts and some of our work can be seen in our Facebook group.

Our membership is open to anyone of any age with an interest in anything miniature who enjoys a club spirit where knowledge, skill and encouragement is always shared. We have members who travel from Sydney and as far south as Nowra so if you're in the Illawarra, Sydney, Southern Highlands' or the Shoalhaven come along and meet us.
